

Dec. 4, 1975 - Lanes.

Dear Vicki and Jim,

Your Thanksgiving message and
sounded wonderful and I received
the card from Niagara Falls and the
nice letter.

I certainly hope the trip to Europe
will go there. I have been reading
about cancellations and prices being
raised.

The telephone company finally
found what was causing the noise
in our telephones. They had to put
in a new telephone wire from the
pole to the house and then I had
to ask for telephones put in.

Mary and Mike have rented a
small apartment in Olympia while
Mike is working there. I am so
glad Mary doesn't have to drive
back and forth. They also still
have their apartment in Seattle
until they know what they will
be doing.

I mailed you each a little
Christmas present. One is being
mailed out from Fredericksburg and
the other one from the Bon Marche.

We hope you can make your
million dollars in twenty years.
Dad really laughed and hopes he is
still around.

We are having Christmas Day at
our house with Mike's folks which
includes Beth and Ann and their
two children. It will be fun I am
sure.

We are going to the Swedish
Lecia program Friday night with
Dorothy and Harvey Stark. They are
taking Swedish lessons also.

I hope your things are arriving
from your trip. Let me know if
you receive the missing pieces from
your lazy Susan.

I am going to play bridge this
morning so will mail this on the
way.

Love,

Mom.
